

*+Imagine . . .*

*A world where no child suffers from cancer.*

*What a wonderful world it would be.*

Yes, it would be a wonderful world! That is why it is so important to support cancer research in any way we can. St Stephen's Student Council is hosting a Cancer Research Fundraiser on Friday, October 14<sup>th</sup>, during all lunch periods. For a \$1 donation each student will be given a glass of lemonade and a cookie. All proceeds will be donated to Alex's Lemonade Stand Foundation.

Thank you in advance for your generosity and participation. I'm sure we all would like to imagine a world where no one suffers from cancer. With this fundraiser we are helping Alex by "fighting childhood cancer one cup at a time."
