

SANTA'S SECRET HELPERS AT ST. STEPHEN'S

It's that time of year when the world remembers to be generous to those in need. Here at St. Stephen's our school family knows that we remember to be generous ALL YEAR LONG! For that, the recipients of your bounty are very thankful. You have always shown such kindness and charity in helping the many projects we have undertaken from our town community to as far away as the children we sponsored in South America. Now we are going to share your special gift of giving with families in need that are very close to our own school hearts.

This Advent season St. Stephen's Student Council will be collecting money. No donation is too small or too large. We are very aware of the economy and anything you can do is very much appreciated. The money collected will be used to buy food scripts and will be given to families within our own school community who are in need of our help.

The good feelings that come from being a Secret Santa are wonderful. They become even more special when you know you are helping someone very close to home. Our St. Stephen's family is very close to home and there are families within St. Stephen's that need our help.

St. Stephen's Student Council wishes you the most blessed Advent and Christmas season. Please consider helping us help others at St. Stephen's to also have a specially blessed Advent and Christmas season. Thank you.

St. Stephen's Student Council
